Editor's Letter

Wasn't it 2012 when the Mayans reckoned the world was going to end? Well, despite our economic woes and the wettest drought since records began, basically it's so far so good! To be honest I don't know what all the hoo-ha was about anyway – if the Mayans were so bloody clever about what was going to happen in the future, where are they now, eh? No, as far as I'm concerned 2012 is shaping up nicely, quite possibly because I've spent so much of it in the company of lovely naked women!

LITTLE SCRUBBER!

Dear Mayfair,
I'm a school cleaner at our local comprehensive. I got the job straight after fifth form so I'm doing well for myself. I'm joking, obviously, but work's not my thing. I only do it to supplement myself until my

when she stayed behind.

I hadn't worked with her up until this point, but she was my kind of game girl, so I pigeonholed the supervisor into sticking us on the roster together. The bloke owed me twenty quid so I told him we'd be all square if he paired us off for a week of lates.

The following Monday I found my name right there next to Gina's and it was enough

seemed so much more into Dave than me and they laughed and fucked about in a way that we just hadn't.

At one point Dave stuck his broom handle through his legs and Gina pretended it was his cock and got down and mimed sucking it. As she was doing it though, she looked straight at me and smiled.

Gina then squeezed the front of Dave's trousers and told him she preferred the stiff handle in his trousers then, to my amazement, she pulled it out right there in front of me.

"How about you? I bet yours is even bigger," she said, so Dave told me to get it out and show it to her.

I hesitated for a moment, but I was so horny that I just had to let her have it. I pulled out my meat and Gina took it in her hand so that she was holding us both.

JE T'AIME, AMY!

Dear Mayfair,

I've been wondering for a while when we were going to be treated to the truly wonderful sight of Amy's gorgeous bush again in your pages, and at long last my patience has paid off! The pictures of her in the latest issue (47.05) are spellbinding – especially the ones where she's running her fingers through her pubes like the one on page 9. Clearly Amy's a girl who enjoys playing with her pussy, and it's wonderful to be one of the people with whom she's happy to share her pleasure (albeit just in print! Sharing the pleasure in real life would be a dream come true!). Please, let's shave more of the wonderful Amy, and more girls with lovely furry pussies!

Alan, Crewe.

Ah Alan, you've only gone and opened the pube can of worms again (what a horrible thought)! We're always on the look-out for girls with a bit of thatch downstairs, but they're a rare breed these days! At least you've got Amber-Jayne to be going on with this issue... – The Ed.

Her pussy felt warm and wet and I slipped in with one easy thrust. I held onto her arse and gently ground my stork into her...

"Oh yeah, two hard cocks. I could eat you both for dinner," she snarled, then stuffed my dick into her mouth and sucked.

She was moaning loudly and gulping as she worked her mouth up and down my hard dick, then she turned and swallowed Dave's.

"This slut's gagging for it," Dave said, sliding his long hard dick in and out of her hungry mouth.

I decided to see just how hot she was and slipped behind her and unbuckled her jeans.

"What you doing Pete?" she asked, so I told her I was going to fuck her tight pussy.

"Well, you got to do what you've got to do, I guess," she mewed, arching her back as I slid her tight jeans and little cotton panties over her slender round buttocks.

I guided my saliva-soaked cock between her curvy thighs and dipped the tip between her fat, protruding lips.

Her pussy felt warm and wet and I slipped in with one easy thrust. I held onto her arse and ground my super-hard stork into her from behind as Dave fucked her mouth, and

music career takes off, but that's another story.

Anyway, there's a whole team of us who mop and buff the floors at night. Gina joined a few months ago and she's proved a popular addition. She's kooky, fun, sexy, and above all, a bit of a slut.

Dave was telling me that she'd wanked him off when they'd worked the science block together, and Alan said he'd heard that she let the supervisor fuck her tits

to give me wood on the spot. That first night we hardly spoke. I thought she'd be more forward than she was, but she just got on with the job and listened to her headphones.

The second and third nights weren't much better, then the fourth night Dave's name appeared on the roster along with mine and Gina's.

I figured I'd blown my chance as Gina

Gina seemed to love every filthy second of it.

"Fuck me! Fuck me harder!" she demanded, beating Dave's cock into her mouth with quickening strokes.

I withdrew a short way, then pumped back in, slamming my balls into her bush before doing it again. Gina gasped each time I thrust into her and she soon started bucking her bum back against my bulging prick.

Knowing there was no lock on the bathroom door, I thought this could be a chance to catch an eyeful of her in the buff, if nothing else. I waited a few minutes then made my way upstairs carrying a cup of coffee. When I got to the bathroom door my heart skipped a beat – Jackie had left it slightly ajar. Surely it wasn't done on purpose? I tapped gently, "Coffee out here for you, Jackie!" I called.

at her puckered opening. "Nice, isn't it?" laughed Jackie.

"It's bloody gorgeous!" I half choked, "...And the tattoo's not bad either!" She laughed and wiggled her arse at me.

"I knew you were a bum man!" she grinned. "Us girls can tell, you know!"

Very slowly and seductively, she began to sway her arse from side to side, arching it even further

SIMPLY WANDA-FUL!

Dear Mayfair,

I had to email in to thank you for featuring one of my all time favourite models this month – Wanda Curtis. I've been a massive fan of hers since I saw her in a film about 5 years ago, and always wondered why such a curvy lovely never seemed to appear in *Mayfair*. Well, no I need wonder no longer, and I can devote a bit more time to studying her wonderful arse and perfect boobs! Keep up the good work!

Liam, via email.

She clenched and unclenched her pussy around my prick as I fucked it into her, and reached between her legs to cradle my balls. I felt my balls tighten in her loose grip and my prick started to twitch.

"I'm gonna come," I moaned, slamming into her again and again, and Gina's fingers swirled around the underside of my balls in response until finally I started to pump and filled her full of come.

Gina muttered something comprehensible as I drained my nuts off inside her and suddenly cream looped into her mouth from Dave's spurting cock.

Gina closed her lips around his tool as Dave gasped with relief, and when she lifted her head again, only the merest tiny trickle of sticky come dribbled from the corner of her mouth.

"That was great guys," she gasped, wiping her lips with the back of her hand. "We should work together more often."

That's just what I was thinking, too, but as it turned out, there was a roster for Gina too. Still, I can't wait for my next turn.

Pete, Co. Durham.

I'D RATHER JACKIE...

Dear Mayfair,

A couple of years ago I was sharing a flat in London with my girlfriend Sam. At the time I thought Sam was all I wanted – well, she was until I met her younger sister Jackie, when she came down from Manchester to stay with us for a week. Jackie was 19, a dance and drama college student, she was a total babe – tall, slim, gorgeous and wild.

Thursday was my regular day off, and with Sam out at work I knew it was my chance to be alone in the house with Jackie. As soon as Sam left the flat, I got up wearing just my boxers and went downstairs to get some breakfast. There was no sign of Jackie, and I assumed she must have still been in bed, until I heard the bath being filled upstairs.

"Thanks," came the reply, "Can you bring it in for me, please?"

Jackie was sitting naked in the big enamel tub, her tousled hair pinned up and bubbles barely covering her. "Hey," she said, casually running a soapy sponge over her slender arm.

I put the coffee down on the side, trying desperately not to stare at her boobs. "Don't you mind me coming in here like this?" I asked.

"Well, I won't tell if you won't!" She joked. "Come and sit with me."

I perched on the side of the bath, slightly behind her. "Here," she smiled, offering me the sponge, "you can wash my back for me if you like". Slowly, I began to wipe the sponge up and down the length of her

upward to force her cheeks wide apart and give me the most explicit view of her arsehole that she could.

"Aren't you going to wash it for me, then?" I threw the sponge to one side and began to gently soap her offered buttocks with my hand. "Don't forget to do in between..." Jackie breathed softly, "I like being really clean round there."

My cock throbbed in my shorts as I slid my hand into her bum-cleft and traced my soapy fingertips down along it, until I felt the puckered entrance to her arsehole.

"Mmmmmm!" She softly moaned and gyrated her hips in rhythm, as I started to steadily rub and massage the wrinkled skin around her opening. I started to gently work my fingertip against the centre of her anus

She let out a little gasp as I eased the end of my soapy finger just inside her tight ring...

shapely back. Jackie smiled contentedly, "That feels nice," she purred.

I noticed a tattoo on her upper arm, a thin Celtic patterned band running all the way round. "I like your tattoo." I said.

"Which one?" she replied.

"Why? How many have you got?"

Jackie smiled, "One more. Would you like me to show it to you?"

"Absolutely!" I said, intrigued. Jackie raised herself up and deftly swung her long legs underneath her, then leaned forward until she was kneeling on all fours in the bath. "There!" she grinned. Reaching round, she jabbed a finger at her left buttock, pointing to a small red rosebud tattoo. My eyes were focused elsewhere though, and gradually, as the bubbles of her bubble bath popped, the wet and glistening pink folds of her pussy were revealed to me, and nestled above it, her beautiful little coffee brown anus.

My dick swelled uncontrollably as I gazed

and asked, "Do you want to be nice and clean inside as well?"

"Yes, please!" she answered, smiling round at me. She let out a little gasp as I eased the end of my soapy finger just inside her tight ring. Jackie moaned and squirmed with pleasure as I swirled my finger around inside her, then began pumping it back and forth. Then she looked round at the enormous bulge in my shorts as I finger-fucked her slippery arsehole. "How's your hard-on?" She whispered.

"Aching!" I replied, tugging at my shorts with my free hand until my rock hard cock sprang loose.

"He's lovely," she grinned. Then I felt her repeatedly squeeze my finger with her anal ring as she added, "I think we should invite him in, don't you?"

Jackie looked away from me and nodded toward some bottles and jars sitting on the bathroom windowsill. "There's some baby

Australia's produced quite a few things of world beating quality over the years, from Don Bradman to, umm, well, numerous other sportsfolk – but from the looks of things they've just added two more world class items to their list of exports – the ladybumps to the top half of Brittany's trim little torso! Aren't they belters?! So while Oz might be home to practically all of the world's deadliest snakes and spiders and sharks and things, there's plenty of compensation for Aussies in knowing that they're also sharing a nation with two of the finest boobs in the world. But does she find all the attention they're bound to attract gets a bit tiring?

"Ha! If I didn't like blokes looking at my boobs, I wouldn't be getting them out in *Mayfair*, would I?!" She laughs, a naughty antipodean twinkle in her eye. Good point. Looks like you don't mind guys looking at your lovely fanny either!

REBECA
LINARES

She's often lain,
from Spain, and
very far from plain!

Much of Rebeca's popularity is down to the fact that she always looks like she's genuinely enjoying the sex in her films – no matter how extreme it may be...

It can be pretty difficult to gather interesting stories and facts about some of the newer, younger porn stars. Maybe they've got a couple of Chihuahuas called Mork and Mindy, or they enjoy doing pilates in their pants, but even extracting innocent little tidbits such as these can be as difficult as getting a tea-round out of the Ed.

Where newbies are mostly a bit shy and cagey except when it comes to flogging their latest release, more experienced girls are often more relaxed and chatty. Naturally they've gathered more tales to tell over the years, but with time they also seem to become chattier and more open, at ease with themselves and their chosen profession. Stories are shared without censor, unusual interests are discussed when previously they might have been kept under wraps for the sake of keeping up appearances.

Indeed, here at *Mayfair* we think it can be more fun to profile a girl after she's been in the industry for a few years – not to mention a damn sight easier!

With more than 400 scenes under her belt, Rebeca Linares definitely fits into the 'more experienced' category, and she certainly isn't shy to divulge us in the more intimate details of her life, work and passions.

Now 28, the San Sebastian born stunner got into the business around seven years ago after meeting the legendary Spanish porn stud Nacho Vidal through a friend who was already working in the adult industry. Vidal eased her in, as it were, and Rebeca made a tentative start to her new career on the European scene. After she'd found her feet, however, there was no stopping her – Linares moved to Los Angeles and suddenly became prolific, making an incredible forty flicks in her first two months. She talks of enjoying the more evolved and continuously full-on nature of the US adult industry over Europe's.

Once Rebeca really gets going, it seems, there's no holding her back. Before becoming a hardcore star she worked as a checkout girl in a supermarket and she's still more than happy to boast that she was the fastest cashier in the shop. Rapidly amassing a back-catalogue was her new goal in life, and the demand was there to achieve it.

However, it wasn't just the sexy señorita's work ethic and hot Latina looks that had producers clamouring to have her in their movies. Linares was and still is a complete natural onscreen (If we ignore the recent boob-job, that is). Rebeca is at ease in front

REBECA LINARES

of the cameras, and it's no surprise that she openly admits to being a fan of filthy flicks even before she got into the business. "I was one of those girls who masturbated to porn at the weekends", she said in a recent interview. We don't blame her – it's got to be more entertaining than watching *The X Factor*, or *Factor X* as they call it in Spain.

Much of Rebeca's popularity is down to the fact that she always looks like she's genuinely enjoying the sex in her films, no matter how extreme it may be. Linares describes her ideal shoot as one in which she can forget about the director and the cameras and where the 'man knows what he's doing'. Even better, apparently, if the shagging is of the rough and ready bordering on the weird variety. One of her favourite all time scenes features in the movie *Rebeca Linares RAW*. It's a two man double penetration in which they end up flushing her head down the toilet. Whatever turns you on...

Despite the fact that Rebeca has done much of her best work in America, the Basque beauty still receives plenty of recognition from Spanish and Catalan audiences. She's been nominated for several gongs over the years at the Barcelona International Film Festival's 'NINFA' Awards, scooping the prize for Best Actress in 2007. And Linares would've no doubt won more NINFAs had the ceremony not been made defunct in 2008.

Such is the interest in Rebeca's career in her homeland, in 2009 the Spanish TV channel Canal+ even made a documentary about her life and work in the US entitled *Vente a Las Vegas, Nena*, which, for the record, more or less translates as *Come to Las Vegas, Baby*.

Rather surprisingly, perhaps, Linares has been largely overlooked for accolades across the pond. Despite receiving about a zillion nominations at the AVN Awards over the years, she has just one measly prize to show for all her work – and for Best Threeway Sex Scene in

somebody else's feature (*Tori Black is Pretty Filthy*) at that. Surely an 'Unsung Starlet' award must be in the offing...?

So we know that Rebeca is pretty kinky, loves frequent fucking onscreen, and isn't shy to divulge her passion for getting screwed by two blokes and having her head toilet ducked, but what of the girl away from the cocksmen, cameras and khazis? Well this is where things get really interesting.

You see, the stunning Spaniard is something of an inquisitive soul who likes to learn when she isn't taking a length. In her spare time she studies metaphysics, is fascinated by ancient Egyptian history, and she has a particular obsession with crop circles. Three things she probably wouldn't have mentioned

as a newbie, particularly the latter. Indeed, Rebeca happily admits to having thousands of photographs of crop circles and symbols. Apparently she doesn't think they're done by pissed up farmers with too much time on their hands. On this occasion, we'll sit on the fence.

If you're new to this continental cracker and you like what you see, well you're in luck, because there's a lot of material to choose from out there. Recommended flicks include the aforementioned *Rebeca Linares RAW* and *Tori Black is Pretty Filthy*. Those revisiting her corpus might be interested to hear that Linares recently starred in a great flick for 3rd Degree titled *Popping Off*.

Which incidentally is what we're going to do now – for lunch.

Chica... boom!

Yes, yes, we know it's been over a year since we last featured the not inconsiderable charms of London babe Chelsea French, but time flies here in the *Mayfair* office, and we can only hold up our hands and say that good things come to those that wait! And if anything, the girls herself seems to be even hornier this time round than she was last time our paths crossed...

"You're probably right!" she grinned when we mentioned it. "I seem to get hornier and hornier every year. If this carries on, I'll end up being a right terror when I'm a granny – all those granddads had better look out!"

Blimey – now there's a thought. Still, for the time being we're perfectly happy with Chelsea being as horny and as gorgeous as she is right now!

21ST CENTURY TOYS

Tempting you to unleash your inner tech-monkey, king of the gadget gibbons, JAMES SAINT, is back on the tyre-swing of technology, primed to fling his hot digital dung right in your face...

Here we are, lurching into a summer that was very nearly cancelled due to rain, with all the Olympic-sized optimism of some daft young flibbertigibbet of a nation that doesn't know any better. A festival of world-class athletics stands before us, boring the living crap out of people like me who couldn't care less which hairy Russia man-woman can toss a rock furthest or how many Canadian runners are full up on Ben Johnson's long grain steroids, and also threatening to bring the Capital's transport network to a halt more grinding than even a bit of snow could manage.

But, not being interested in what will probably be the biggest coming together of world-class terrorists in living memory is my problem. But, if like me, you too couldn't give a monkey's wank about a lot of over sincere people running, skipping and jumping before taking part in a selection of the most mind-numbingly boring interviews every seen since, well, the last Olympics, join me in immersing myself in a world of shiny tech toys instead...

Sony NWZ-Z1060

Price: £274

www.advancedmp3players.co.uk

Sometimes I wonder if the difference between success and failure in the gadget market is cock-all to do with quality or usefulness, but as simple as appealing to as many of the borderline brain-dead as possible with a snazzy name. Take the iPod – far from the first MP3-player into the market, and equally far from the best, the iPod simply had the coolest name and, therefore, the simpletons lapped it up. Or that's my cynical conclusion at least. Think differently? Get your own magazine column, bud!

Anyhoo, for those who demand better, here's the latest audio offering from a little company called Sony: the NWZ-Z1060. Featuring a, frankly, rubbish name, the Sony instead relies on high quality, delivering audiophile level playback with noise, distortion and jitter reduction, AV receiver-style S-Master MX technology, and a built-in digital amplifier – a kick-bottom combination that, combined with a dynamic balance feature that levels music volume between tracks, puts the Sony leagues ahead of the Apple equivalent.

Throw in open Android OS, Bluetooth, HDMI output, G-Sensor, and a powerful 1GHz High speed NVIDIA Tegra 2 processor and if you want the best quality digital sound you can get to go with your cool-ear headphones, this is where you'll find it.

Evoke Mio Union Jack Edition

Price: £150

www.pure.com

There may not be too much to be proud of about being British these days, what with corrupt politicians, hacking hacks, thieving bankers, looting rioters, gay dogs and Simon Cowell, but remember this: at least we're not French.

With that in mind (and perhaps also to celebrate Her Maj's 60th and the London School Sports Day Olympiad), dab-handed purveyors of DAB, Pure, have released this special limited edition Union Jack dressed version of their marvellous Mio.

Mains powered, DAB and FM enabled with iPod/MP3-player connection, the Mio comes with an OLED display, 30 presets, alarm clock and even a kitchen timer, plus can take an optional Pure ChargePAK should you wish to go cable free in the garden, perhaps to listen to Britain taking Gold in every Olympic event... if such a fiction-driven radio station exists.

Finished in red, white and blue leather-effect livery to please both innocently patriotic and racist BNP supporting radiophiles alike, even if – like everyone else in the country – you couldn't get tickets to the Olympics and you view the Royal family with the disdain of a traitor, this little wireless wonder will provide hours of aural pleasure while, as London burns, the economy slumps face-first to the floor and all seems lost, constantly reminding you "Everything is okay. We're not French. We're not French..."

Midland SubZero Sun

Price: £35

www.nevadaradio.co.uk

I don't know about you, but my biggest grumble when the sun is out in all its glory is that my ears get hot to the point that I want to tear them off. It's a form of Body Dysmorphic Disorder and not to be laughed at, alright? My second biggest grumble is that the sun brings out ever more mouth-breathing twat-pack, all convinced that their opinion on, well, anything is not only valid but interesting, funny and to be shouted ad nausea at full volume in case anyone missed it the first time. This also makes me want to tear my ears off... and then force them down the throats of said twunts until they choke.

Well, they say there's always a solution, and even for my double-whammy or ear-rending mental afflictions, this is true: SubZero Sun from someone called Midland.

Stereo headphones featuring cooling cotton on the inside and a special transpiring fabric on the outside, yes, these are headphones designed not only to keep you safe from the ill-considered, moronic sentiments of 'other people' when out and about, but also, remarkably, keep your ears cool in the heat of the summer sun!

Compatible with pretty well all smartphones, along with any and all MP3-players you could think of, with full built-in controls and microphone on the cable, these cans may not cure my psychosis, but what you can't cure, mask!

Swann Outback Motion Activated Camera

Price: £99

www.firebox.com

The ideal dohickey for anyone who likes either nature or wallowing in the paranoid belief that people are doing things behind your back, the Outback Motion Activated Camera may sum itself up with its name, but what it doesn't tell you is that this little photographic phenomenon is battery powered, weatherproof, and capable of taking 2MB snaps at 1600 x 1200 high definition.

Triggered the moment something breaks the motion sensor, the Outback comes packing automatic white balance and, more importantly, night vision, thereby sorting you secret snaps of any wild beasts you may suspect come out to play after dark, such as badgers, deer, wolves and cave lions, or just furtive photos of folk fucking in your local woodland, whichever floats your particular boat.

Capable of shooting video too, the Outback comes with a 2MB SD card and a handy tree strap to bring you many happy hours of hands-off photography.

Devolo dLAN 500 AVmini

Price: £90

www.devolo.co.uk

Once upon a time if you wanted to shift, say, a movie, album or photos from one room to another you had to get up and do it yourself... with your hands and everything.

Fortunately, the digital domain arrived, bringing with it Wi-Fi, and now when we want to watch some hot slice of internet filth, we can wirelessly stream it to our net-enabled TVs. In an ideal world, anyway.

The trouble with Wi-Fi is that it can be unreliable, streamed material can just drop off and stop working if the signal drops or speeds are not up to the task. Cue massive mid-self pleasuring disappointment. Well, the hell with Wi-Fi! This is the dLAN 500 AVmini, a cunning system that routes your broadband connection through the home's mains wiring, delivering speeds of up to 500Mbps to every plug socket!

Yep, plug one AVmini into your internet connection and the mains and, bam, every computer, TV, games console, etc you've got attached to another AVmini plug instantly has superfast internet access.

This kit comes with two AVmini plugs to get you started, but there's no limit to the number you can add on, meaning you'll never have to suffer drop-out with you cock out anywhere in the house ever again!

Freecom Hard Drive Sq

Price: from £119

www.freecom.com

It may have all the sexiness of a Commons front bench, but the basic-looking box that is the Freecom Hard Drive Sq provides more digital convenience than a collapsible sexbot. Essentially an external hard drive to store all the photo, video and music tomfoolery you don't want to clog your computer's capacity up with, the Freecom has one extra trick up its silicon sleeve: it can plug directly into your TV. You seem less than agog.

Remember that bit about storing video? Well, thanks to this little beauty there's no longer any need to cock about with your computer, Wi-Fi and (depending on your TV) Wi-Fi receiver to stream movies and what-have-we onto the big screen, simply plug this helpful hard drive directly in and whatever filth you have stored on there is instantly ejaculated onto the big screen for your self-abusing pleasure.

Featuring USN 3.0 for lightning quick transfer from your PC (130MB/s) and USB 2.0 backwards compatible for the, well, backwards, the Freecom comes in 1, 2 and 3TB formats and yet is still small enough to fit in a pocket or, if you don't do pockets, work up your arse without life-threatening discomfort. Agog now? So you should be.

oil over there," she said softly, and I brought it to her without hesitation.

Pouring out a good handful of the stuff, she carefully smeared a generous coating of it all over my throbbing cock. Slowly she began to wank me, her other hand reaching down to fondle and massage my balls. "Lick my bum for a while," she whispered.

I gripped her hips and pulled myself into her as far as I could, delighting in the sensation of slippery tightness...

She bent over, sliding her hands down her thighs until she was gripping her knees. Leaning forward myself, I began lapping away at her arsehole. "Oh yes, do it hard like that!"

Spurred on by her groans and whimpers of pleasure, I licked harder and more vigorously, eagerly massaging my tongue over and around her opening. At this point I was so worked up and turned-on that I damn near shot my load straight into the air. Thankfully Jackie was close to the edge as well. She seemed to melt in my hands, slowly sinking to her knees on the bath mat, then bending forward doggy fashion onto

all fours, her upturned arse level with my rigid dick.

"I'm ready now!" she announced.

I held the glistening head of my cock against Jackie's wet and relaxed anus, then half my length slipped smoothly inside her. "Aah!" she cried out, just as I entered.

At first I thought that I might have hurt her, but as she turned her head to try and look at me, I could see an open-mouthed expression of joy. "Go deeper," she urged me, "fill me up!" I gripped her hips and pulled myself into her as far as I could, delighting in the sensation of slippery tightness and heat enveloping my dick.

We stayed locked together for a while enjoying the feel of my cock buried in her arse, both of us groaning in sheer pleasure. Jackie couldn't stop herself grinding her arse back against me, forcefully impaling herself ever more deeply onto my pole. I began to slide my cock back and forth in short smooth thrusts and she responded by rocking her arse to and fro to meet me, matching my rhythm exactly. I quickened the pace, unable to hold back much longer. She wailed as she climaxed, lost in ecstasy. A sudden surge rose within me and I instinctively rammed my cock fully home into her thrusting arsehole, holding it fast. My cock exploded deep inside her, flooding her rectum with streaming jets of come.

I held her swaying hips tight against mine, my cock still twitching in the depths of her pulsating arsehole. Jackie settled down on the floor. With her head resting on her arms and her bum still arched high in the air, she lay still and content, smiling blissfully. Very gingerly, I eased my wet dick out of her arse and watched a few drips of my come run down over her pussy, as the entrance to her beleaguered arsehole slowly closed.

"Where do you think you're going?" murmured Jackie, still smiling. "I haven't finished with you yet!" I couldn't believe my luck, not only had I just arse-fucked the most beautiful girl I'd ever met, but she wanted more! Pretty soon we were at it again, but this time in the comfort of Jackie's bed, determined to have as much of each other as possible before Sam got home - which we did!

Kyle, Hitchen.

DOWN MAMMARY LANE...

Dear Mayfair,

Many thanks for another outstanding issue of the magazine (even though the classic set you featured had already appeared last year). The super sexy girl your featured in the Quest section was absolutely gorgeous, with that amazing tattoo above her pussy which encapsulates everything a man feels towards a woman when he is sexually attracted to her; lust and fiery passion. It was also great to see Jenny Laird again!

Returning to the subject of classic sets, one of the sexiest girls you've ever featured in the magazine was the gorgeous Satinder, who appeared back in 28.09 and 29.01. I remember seeing her in the old Electric Blue videos on the early 90's, and she was always one of the highlights of my viewing pleasure. Having celebrated my 60th birthday last month, it would make an old reader very happy if you could feature her again in the classic section.

Again, many thanks for the consistently high standard of the magazine you produce - in my opinion the best top shelf magazine in the country.

Robert, Leicestershire.

Well first of all, Robert (and the others who wrote in) many apologies for running Claire so soon after she appeared as a classic last time round. I can only blame a failure in our database and promise to make sure it doesn't happen again! As for Satinder - is this the girl? I see what you mean! We'll stick her in the classic section next month! - The Ed.

Yorkshire lass Amber-Jayne has only just got round to dipping her toe into the modelling pond, which is a tad slow off the mark, given that she's 29 – not that we're complaining, of course! Her combination of beautiful face, fulsome boobs and a wondrously full bush mark her out as a perfect *Mayfair* model, but how come she's only just got in touch?

"I've been wanting to give it a go for quite a while, but my boyfriend didn't really like the idea of other men looking at my pussy. I thought it'd be a real turn-on, but he was quite possessive..."

Well, in all honesty we can't really blame him for wanting to keep that lovely fanny all to himself! So what happened?

"Oh, I dumped him! Life's too short – and here I am!"

Good for you, love, that's what we like to hear!

MERC... AND PLAY!

Whether you call it the CSC or the CLA, Mercedes' new family compact looks set to revolutionise the market...

Words: Martin Bains Pictures: Newspress

Down sizing is nothing new for people with posh cars. For years, BMW and Audi have successfully offered a premium feel in a small car with a premium price, in the shape of the 1 Series and A3. In fact Audi can't build enough new A1s to meet demand. But Mercedes has had to watch on in envy as its lumpy, dumpy A-Class has been completely ignored by the thrusting thirtysomethings with whom every manufacturer wants to be associated.

All that's set to change with the new A-Class, which goes on sale later this year, combining a dynamic new look with the

promise of brilliant engines and an even more brilliant driving experience. And Mercedes clearly means business in this market, as the A-Class has already spawned a stylish new B-Class MPV, and will also form the basis of a small SUV. Yet the coolest member of the new small family is this gorgeous four-door coupe: the Concept Style Coupe, or CSC, which debuted at the Beijing Motor Show in April.

It brings some of the cutting-edge style of Mercedes' hugely desirable CLS luxury car to the compact family class. And if its gorgeous looks make it to the showroom untouched (they should, as the A-Class barely changed

between concept and production) it's sure to prove a massive hit.

The shape is aggressive, classy and unmistakably Mercedes, and the nose is the car's most striking feature. The headlights have the look of a predatory animal, according to the designers, while

the indicators light up in succession, like a piano keyboard. The grille has a muscular shape, and carries over the stylish dotted pattern, giving a diamond-effect finish like on the A-Class, and the bonnet features purposeful power bulges.

Huge 21-inch alloys dominate the car's profile, with the shape defined by bold lines which arc up over the rear wheelarch. The roofline is sleek, giving the look of a coupe even though the CSC – which looks set to be rebranded as the CLA when it actually goes into production – is a four-door, and a panoramic sunroof adds to the sense of style. At the back, the tail-lights taper to a sharp point above the narrow diffuser, which gets

“The coolest member of the new small family is the gorgeous four-door coupe...”

the same finish as the grille. Flanking it are large twin exhausts, which provide extra width and complete the purposeful and aggressive feel.

The sense of style continues inside, with a large piece of carbon fibre trim spanning the dashboard, which takes on the appearance of a wing. A pair of carbon fibre 'tubes' sticks out from the instrument panel, with each ringed in light when you activate the

“The interior doesn’t only look smart, though; it is smart.”

indicators, while there’s a classy mix of white nubuck leather, anthracite-coloured Alcantara trim and neon green stitching on the dashboard. The suede steering wheel rim provides a sporty feel, plus all the chrome elements and control panels have a black anodised aluminium finish.

Add a centre console that runs the full length of the four-seater interior, and you have the coolest, most stylish Mercedes layout this side of the CLS. Yet neat touches like the illuminated electroplated insert in the upper part of each seat show real attention to detail. So do the air vents. They’re shaped like aircraft jet engines, and again they’re illuminated: when they’re firing out cold air, they light up in blue, but whack up the heat in the winter and they turn red. Leave them in the medium temperature setting, and they glow yellow.

The interior doesn’t only look smart, though; it is smart. While in-car Web connectivity is nothing new, Mercedes has put the CSC

right up there with the latest luxury models by offering a range of apps and allowing the car to hook up to the Internet when it’s stationary. What’s more, the software for the COMAND cabin control system isn’t stored in the CSC. It runs off the company’s cloud computer system – effectively a virtual server to which the car connects over the mobile phone network. So if any updates need to be carried out, Mercedes can click a few buttons and send them wirelessly to each CSC, rather than waiting to plug in next time the car visits a dealer’s workshop.

The company isn’t quite so forthcoming about the oily bits under the skin of the newcomer. All it says is that the CSC is powered by a 2.0-litre turbo version of Mercedes’ latest four-cylinder petrol engine, which sends 211bhp to all four wheels through a seven-speed twin-clutch gearbox. Performance and efficiency details have yet to be released, but this car is likely to cover 0-62mph in less than seven seconds, hit a

155mph top speed and return 45mpg fuel economy. This engine is likely to be joined by petrol and diesel units from the more powerful end of the new A-Class range. And as that car also donates its chassis and suspension, we can expect the same direct steering and agile handling when the four-door coupe finally hits the road. So this baby CLS will add fun as well as style and cool to the range, and help take Mercedes from nowhere in the compact family car class all the way to the top.

We've all heard a lot of guff about the 'special relationship' between Britain and America, and who it's been going to pot ever since the war ended, but we reckon we've got evidence here that the relationship is still as strong as ever. Top British lovely (and firm favourite here at *Mayfair*) Gemma Massey) headed stateside recently, and while she was there she hooked up with one of America's toppermost snappers of erotic material, Holly Randall.

The result? Well, you can see for yourself, can't you – and if this doesn't suggest that the special relationship's alive and kicking, I don't know what does. Hmm, and talking of special relationships, (spare) hands up if you fancy having one of your own with Gemma here...

Riley Steele Deceptions

Digital Playground

Cast: Riley Steele, Brooke Banner, Ella Milano, Erik Everhard, Kimberly Gates.

Riley Steele is your quaint old-fashioned monogamist porn star, so when her beau Manuel suggests a videotaped threesome with another

scarlet woman his proposition gives her pause. Fortunately she has plenty of fellow adult starlet chums to consult with and Manuel's ex-girlfriend Brooke is able to offer an objective "Why not?" But when Brooke learns that Manuel is a blackguard and cheating on Riley elsewhere, the outraged stunt-arses set out to expose him as a philanderer and exact their revenge.

The duo gather evidence, and, while showing Brooke some of the filthy stuff Manuel strokes off to on the internet, the ubiquitous Scott Nails grabs Brooke's bristols and turns them slowly like safe dials before tearing a hole in her fishnets and another in her. Meanwhile Riley gets her own back on Manuel by offering herself up to Erik Everhard, which, trust me, is something one should never do. Indeed, not a day goes by but I wish I hadn't invited him up for that nightcap...

Erik is very fond of trying to shove his napper into people's arse clefts – and so Riley has another interesting story to tell her parents over Thanksgiving dinner. ★★☆☆☆

Pretty Titties

Vivid

Cast: Alexia Rae, Angelica Raven, April O'Neill, Charley Chase.

I knew before I gave this a squirt that this DVD would most likely be more arousing than one entitled *Ugly Funbags*, *Repulsive Racks* or, indeed,

Nasty Knockers, but I wasn't prepared for the gorgeous boobs this movie showcases.

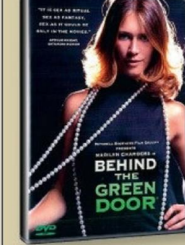

Angelica Raven has tits so enormous she looks like an experiment. But a successful one, with scientists slapping each other on the back and the press in attendance: a bit like the time they first showed off Dolly the Sheep. Thankfully Ministry Of Agriculture, Food And Fisheries guidelines prevented Dolly from suffering the same oral and anal indignities as Angelica when cocksman Jerry gets stuck into her.

Smiley, sweet Alexia skips around outdoors in a printed sundress with her fabulous floppers hanging out. This is just asking for trouble, and Alexia only escapes becoming another sad statistic by performing solo, finger-banging herself and moaning...

Other sequences include a sterling lesbian tryst between Charley Chase and Halie James, both splendid in black lingerie, and Jennifer Love Hewitt looky-likey April O'Neill pounding on her torso tom-toms while prancing around in no-knickers. ★★★★★

Behind The Green Door

Mitchell Brothers/Yourchoice.co.uk

Cast: Marilyn Chambers, Bunny Brody, Barbara Bryan, Bernice Mayo.

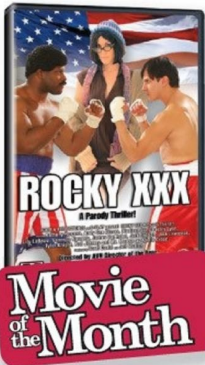

At last, a porno dedicated to that dear old piano, which they used to play so hot! Now then, if Shakey will just get out of the way for a moment and let me

have a peak through the door in question...

Oh, good grief, there's no piano playing here! In fact, what we have is one of the all time classic scruff flicks, as befits *Mayfair's* first dedicated review to bongo of yesteryear. It stars, in case you didn't know, America's first ever sexual sweetheart Marilyn Chambers who, thanks to her resemblance to Sibyl Shepherd, the fame she'd attained as the face of a famous soap advert, and last but not least her willingness to do things on film that most girls (sadly) wouldn't dream of doing in private, rocketed from unknown to superstar practically overnight when the film came out in 1972.

It's a bit different from your typical scruff flick of recent years... that's for sure. Psychedelic interludes break up the action in the tale of a young woman who's abducted and initiated into all sorts of erotic delights – often in front of a bewhiskered audience. Featuring interracial and plenty of other firsts, this flick is a colossus in the grot pantheon, and well worth tracking down... ★★★★★

Rocky XXX Adam & Eve

Cast: Andy San Dimas, Chastity Lynn, Lily LaBeau, Madison Ivy.

It's novel to see another tired remake of this '80s flick which doesn't star Sly Stallone. It's also not the first movie you'd expect to be targeted for a porn parody, given that everyone in the original Rocky flicks was either

punch-drunk (Rocky), nasty (Mickey, his trainer) drab (Rocky's girlfriend) or fat, bald and badly in need of a wash (his girlfriend's brother Paulie).

Anthony Rosano takes on the title role of mumbling, luckless boxer Rocky Balboa in training for a million-to-one shot at the big time – beating his own meat instead of slugging carcasses in the mat packing district warehouses. That sort of thing. The storyline

blends Rocky and Rocky III, though this hardly matters, since it's all fannies, arses pulling gapes, foot-long schlongs and bouncing bazoomas cycling through a series of suitably brutal sexual positions in seedy apartments, gyms and boxing venues. Which is, needless to say, the whole point...

Highlights include Tyler Knight wrangling Lily LaBeau at the gym, feasting on her slot like a wolf with the hiccups before spunking up a skipping rope – and Rocky (Rosano) switching from boxer to wrestler for an impassioned 69 with his vigorous love interest Andy San Dimas, whom you'll be grateful to learn is a she. ★★★★★

KATIE

Age: 27 Vital Stats: 34D-24-38 5'8"
Photographer: DDF

We've already had a couple of debutantes in this issue, but that's no reason why we can't squeeze in a third – especially if the girl in question is as lovely and curvy as Katie here! She's very nicely put together, isn't she? And once she'd strapped herself into that basque we were utterly smitten! Sometimes it's easy to get a bit blasé about bums (especially when you see as many nice ones as we do in an average week), but there's was something about Katie's that really leapt out and grabbed our attention. Now some girls might get a bit irked when a load of guys gaze awestruck at her arse for minutes on end, but Katie didn't seem to mind – especially when we told her it was officially perfect! In fact thinking about it, the only thing that could have made it better was if it'd had been parked on our faces!

The Olympics are on their way, but we don't really give a monkey's about that here at *Mayfair*. In fact there's only one sport we really care about...

Name: Jenny
Age: 27
From: Coventry

My name is Jenny and I love sports, particularly squash. Naturally I play to win, and this year I was lucky enough to win my way through to the county league finals. While I was well up to form and anxious to make a good show of it, I had one major problem: I fancied the knickers off my opponent Stephanie.

Of course I never intended to give her an easy game, I always play to win, but she is dainty and very attractive and I was afraid that her loveliness would distract me and put me a little off my game. And so it proved, for the first game I was totally entranced by her lithe body, long graceful legs, and the way her tight little shorts clung to her diminutive arse.

It was only when I realised that she was beating me hands down that I began to focus.

In the end it was a closely-fought match and we retired to the showers exhilarated and excited, if a trifle sweaty and short of breath.

Steph and I have known one another for a long while and have certain feelings for one another. While nowadays we would like to spend more time together romantically, it was not until Steph was married and had her first

"I dug my tongue deeper inside Steph's sweet slot, swallowing her juices..."

baby that we realised our attraction toward one another. This makes it difficult for us to have a full time romance and so we try our best to sneak in as many amorous interludes in our week as possible.

The fact that we are both athletic means that we can meet up at the gym and other joint sporting activities. This allows for some alone time in my flat, which is close to the gym, as often as possible. This evening, however, it had been a full week since we had last been together, and as her family had been cheering her on from the audience we were a little stuck

for time, so we leaped at the opportunity of ours being the last match of the day to have time together in the shower.

While winning had been the only thing that mattered on the court, once we were under the shower nothing mattered more than that we were entwined at last. The energy expended on court only served to energise us and the hard needles of water that sluiced our bodies further stimulated us into Sapphic action.

Taking a new bar of rose scented soap in hand I soaped her delicate curves, allowing its scented essence to wash away the perspiration she had worked up during the game before handing it over to her. My hands gently rubbed and squeezed her beautiful pert little tits as I nibbled at her sharply erect little nipples, adoring them with my tongue as she began soaping my more accentuated curves.

As her hands moved between my thighs, I widened my stance, allowing her to lather up my pussy and posterior ring. We kissed as she did so, and I heard the soap hit the floor of the shower as her fingers delved between my lathered-up labia. Tingles of pleasure rippled

through my pussy as she fingered my slit, thumbing my clitoris as her forefinger slid in and out of my pussy hole, making it contract around her diddling digit. I gasped, nibbling her lower lip as my back leaned heavily against the tiled wall and I encouraged her to continue frigging me.

My orgasm started slowly, building as she thumbed my throbbing clitoris faster and faster. Holding her tightly by the shoulders as I came, I gasped, almost choking as I swallowed the streaming water which poured continuously over us. She smiled as she saw my face contorting with pleasure as my pussy went into one exquisite spasm after another. Once my orgasm had played out I allowed my body to slide down the wall, and I sat on the floor of the ladies room shower.

Steph slid down on top of me, and I lay flat on my back. We moved into a 69 position and began licking and eating one another's pussies. It felt so daring to be making love in the shower room after the match, especially with the sounds of celebrations ringing through the building from the club room. Rather than putting us off our stroke, this excited and

"Tingles of pleasure rippled through my pussy as she fingered my slit..."

emboldened us, and I dug my tongue deeper inside Steph's sweet slot, scooping out and swallowing her honeyed juices, delighting in the taste and fragrance of her delicate pink slit.

Even as I tasted her inner juices she teased and tantalised my own love-hole, making me slither around on the wet tiles while her pretty little tongue alternately pierced and plunged inside me. The warm water and the scented soap and shampoo reminded me that this was no ordinary love tryst, but something special between two real ladies.

Her delicate touch and sensitive reactions to my love-making made this interlude all the more precious and exquisite. We came together, our tongues being enough to stimulate our delicate pink pussy lips and pulsing love buttons. As we triggered one another's climax I felt her dew bespatter my tongue, and, closing my eyes, I lay still

for a moment to savour her sweet essence and enjoy the full pleasure which quivered through my pulsing pussy.

A rush of affection overwhelmed me and I began kissing her deeply as I lay on top of her. Our bodies were slick with soapy water and we ourselves hard against each other, grinding our pussies together. It felt just right, my shaven pussy bearing down on her short silky pubes, and the pressure of our pubic bones plus the stimulation of our nipples as our breasts crushed together made us come off again.

At last we knew we would have to go, as we were almost certainly holding up the prize-giving ceremony. But those stolen moments more than made up for losing the final.

Name: Tina
Age: 21
From: Brighton

I've been doing gymnastics since I was 3-years-old and it's always been my biggest passion, so it's no surprise that I've been working as a teacher since I left college. I may seem a bit young to be qualified, but as I sailed through each grade with flying colours growing up and performing competitively all throughout my teens, I found coaching a joy.

I was really glad when I got this particular job, as I not only get to teach youngsters the basics, which is really cute, but also an adults-only beginners class. It may not sound like something that would be popular, but you would be surprised how many kids get forced to do gymnastics and give it up as soon as they can, only to regret it years later. My adult class is designed for not only those people, but also those who are interested in keeping fit in a way that doesn't involve weights or dancing around to chart music. It's all done in a laid-

back atmosphere, designed to relieve stress, exercise and, just as importantly, to have fun. We are also open to members and non-members alike, so, we never know who we are going to get coming to our classes.

That's how I met Leo. He just turned up one Tuesday evening for my class. He was lean, fit,

"It must have been at least eight inches of rigid cock, crowned with a beautiful, shiny helmet."

and very well muscled, and by the time I had pushed my regulars to their limit Leo had barely even broken a sweat.

When the class ended I dismissed everyone, thanking them all for their hard work and a great session. On Tuesdays my class is the last to finish up and it's my job to turn off all the lights and lock up. As I tidied the gym mats away, I noticed that Leo had hung back and appeared to be rummaging through his bag, searching for something. I finished what I was doing and, with a quick look at the reflective glass walls of the studio to check my appearance,

I wandered over to him. Up close he was even more handsome, and I found myself babbling on about how my colleague's Friday night classes were more challenging, and would probably be more recommendable to him. He looked me over salaciously, smiling devilishly as he told me that he hadn't joined the class for the workout or to learn gymnastics, he had just wanted to watch me bend and stretch.

Blushing like a schoolgirl, I noticed that he wasn't lying – he had one of the biggest erections I have ever seen poking against the front of his sweat pants. In a moment of madness I reached out to it, touching the contour of his massive appendage. I wanted this guy and it looked like he wanted me, too.

The building was deserted, but I wasn't about to take any chances so like a pair of naughty teenagers, we ducked into the staff room and locked the door.

Leo wasted no time, and as soon as the

lock clicked into place, he peeled down the arms of my sports bra, allowing my 34B breasts to bounce forward. I, however, was intent on lowering his sweats, anxious to see his manhood in all its glory – and I wasn't disappointed! It must have been at least eight inches of rigid cock, crowned with a beautiful,

shiny helmet. I bent down and licked the head, savouring the incredible sensation as I wrapped my lips around it.

Leo thrust his hips, pushing his dick back and forth in my mouth, enjoying the foreplay as much as I was, before he pulled down my Lycra leggings. Leo whispered that he was aching to be inside me, and lay me on the carpet tiles, lowering himself down on top of me. My pussy pulsed with longing as he entered me, pushing his big member inside with one easy stroke.

It felt so good, and I rocked my hips to

the rhythm he created as he got his second workout from me that night. I couldn't help crying out as he hit my sweet spot, and just as I thought it couldn't feel any better, Leo altered

the tempo and rotated his hips, sending me to new heights with his varied strokes.

“With increased force he plunged into me, driving me over the edge and I felt myself climax...”

My pussy began to tighten around his manhood as he worked it back and forth, creating an amazing friction that made my stomach tighten and my clit throb. With increased force he plunged into me, driving me over the edge and I felt myself climax as wave after wave of pleasure rushed over me. As my fanny muscles contracted tightly around his tool he grunted loudly before blasting his warm spunk deep inside me.

If I thought that was it I was mistaken, and as

and needing a shower. Not exactly subtle, but I wasn't about to complain!

We stripped off and stood under the warm water together, Leo behind me lathering me up with some shower gel. His hands soaped my tits, and I wriggled my bottom against his rapidly re-hardening erection.

The water beat down on us as he turned me around and trailed his lips down my neck and across my breasts. Gently pushing me back against the cool tiles of the shower wall, he knelt in front of me. His thumbs spread my pussy lips apart and my heart raced as he ran his tongue slowly between them.

At the same time he used his index finger to put pressure on my clitoris. I grabbed onto his shoulders, trying to keep my balance as my legs went weak and my pussy muscles quivered, and he increased both the speed of his tongue and the pressure of his fingers. Wild contractions spasmed through my pussy once again, and I staggered slightly as I came.

Leo got to his feet, afraid that I would fall, and held me to him. The warm water cascaded over us as our bodies moulded together. I could feel his hard cock rubbing between my legs and I reached down to cup his balls, caressing them gently.

Parting my legs, he pushed his cock up between my thighs, stretching my soapy labia apart as his thick dick nudged its way inside me. I lifted my leg up around his back, my suppleness coming in very handy, pulling him closer as he filled me, both of us moaning as my pussy contracted around his pulsing rod.

Bracing

himself against the back wall of the shower, Leo thrust his cock upward, penetrating me fully. I lifted and lowered myself onto him, taking all of his length each time until I felt his shaft grow inside me. Leaning back he slid his hand between us and pinched my clit as he

pushed inside me as far as he could go. Then with a loud groan he let go, releasing his thick, creamy spunk inside me as my soaked pussy clamped around his throbbing member, making me come again.

That was three weeks ago and Leo hasn't been back to my gymnastics class, but I'm still hoping he'll return for a repeat performance. Well, you never know!

Name: Penny

Age: 30

From: Stratford-on-Avon

Although I'm not at all sporty myself, my husband Mike plays football for a local team. It doesn't bother me too much – it keeps him in reasonable shape (he's quite a few years older than me, and needs all the exercise he can get!) and gets him out of the house for a few hours on a Sunday morning, leaving me to have a nice lie in on my own. I'd never actually gone along and watched a game – shivering on the touchline while a load of middle-aged guys ran around shouting didn't really appeal, but a few months ago his club decided to have a social evening and, not being able to think of an excuse to give it a miss, I agreed to go.

The team had booked an upstairs room in a large pub in town, and when we got there it was already in full swing. Sure enough, there were plenty of guys Mike's age, necking pints and getting a bit raucous while various wives and girlfriends either stood around looking slightly bored or tried to chat to each other in quiet corners.

Mike was soon in the thick of it with his mates, leaving me alone by the bar and wondering how long we were going to be staying. Suddenly I heard a voice beside me and turned to find a guy of about 23 smiling.

“I don't think I've seen you watching any of our games,” he said, “I'm sure I'd have noticed you if you had.”

I felt myself blush a bit, and hoped the subdued lighting would mask it.

“No, I'm not really into football, to be honest – I'd rather stay in bed,” I replied.

“Looking at you, if I were Mike I think I'd rather stay in bed as well,” he grinned, and I felt myself blush fully – flattered by his compliment

“Parting my legs, he pushed his cock between my thighs, stretching my soapy labia apart...”

but also a bit taken aback by his audacity, especially with my husband no more than a few feet away!

He introduced himself as Jake and we chatted a bit more about this and that – he's only been playing for the team for a few weeks, and didn't really know anyone that well, having only moved to the area recently. I actually felt a bit sorry for him – especially when I saw he was only drinking a soft drink. It turned out he was driving, and had to be up early the

he led me naked to the men's locker rooms, I silently prayed that everyone had left the building, like they were supposed to have.

I was in luck – and very relieved – and once we reached the changing room, Leo muttered something about me being a really dirty girl

next morning.

Anyway, the evening wore on until finally people started to thin out. I was feeling pretty tipsy, while Mike was absolutely hammered.

"We'd better get a cab, love," he slurred, but suddenly Jake reappeared to offer us a lift. I felt my pussy give a little tingle and accepted immediately. I didn't think anything would really happen, but it was flattering to have this younger man being so attentive.

Anyway, by the time we got home Mike was fast asleep in the back of the car. Jake helped me get him into the house and up the stairs, where we lay him out on the bed.

Once back downstairs I thanked Jake and, possibly emboldened by the several glasses of wine I'd had, leant forward to give him a peck

on the cheek by way of thanks. But somehow, I don't know if it was really deliberate on my part or not, I ended up kissing him full on the mouth. Our lips lingered together and it seemed that there and then we both knew exactly what was going to happen next...

Wrapping his arms around my waist, Jake pulled me closer to him, and I felt the bulge of his swelling dick press against my belly. I suddenly felt hornier than I had in years, and I reached down and gently massaged his knob through the front of his jeans. I knew that Mike would be sparko for hours, but I was still a bit anxious and thought we shouldn't waste any time. I wanted his cock inside me, and I wanted it there now!

Releasing myself from his hold, I yanked down my knickers and hitched up my skirt. "For God's sake fuck me!" I gasped, and Jake

grinned. Without further ado he unbuckled his jeans and out sprang his lovely fat dick, already fully erect and ready for action.

"I yanked down my knickers and hitched up my skirt. 'For God's sake fuck me!' I gasped."

I opened my thighs and wriggled my hips, inviting him into me, and he didn't waste any time, getting on top and nudging his fat pole between my juicy lips. All I wanted was a good,

inch of it.

Thrusting my hips up, I started fucking myself under him until he took up the baton and started to thrust away. Every time his dick slammed into me it sent shockwaves of pleasure through my entire body. I was so turned-on by the sheer naughtiness of the situation I knew it wouldn't take me long to climax, and reaching down I pressed a couple of fingers over my clit – something that always brings me off fast.

Sure enough, I was quickly overcome and convulsed through an intense orgasm. As my cunt spasmed round his cock, Jake grunted and, with a final powerful thrust, flooded my pussy walls with his hot come. There seemed to be loads of the stuff, and I squirmed beneath him as he drained his heavy balls inside me.

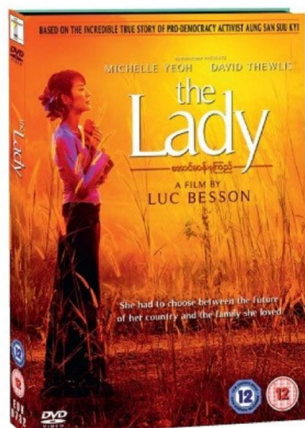

Since then Jake's stopped playing for Mike's team, but that's fine with me, because it means he can come round and see me on Sunday mornings! Mike gets his footy and I get Jake's lovely cock, so everyone's happy!

THE LADY

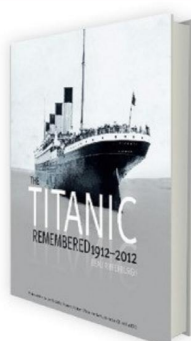

Aung San Suu Kyi – it's one of those names you tend to hear on the news pretty regularly, but you wouldn't want to have to type it too often, would you? So wish me luck as I embark on this review of *The Lady*, Luc Besson's surprisingly straight (there are no flying taxis or any other outrageous campy to speak of) biopic of the Burmese leader in waiting... and it has to be said, there are very few of Besson's trademarks here – he's obviously a bit in awe of his subject and once you've watched the movie you'll have a job not feeling the same way yourself...

Things kick off way back in 1947 when, in the shake down after WWII, Burma's deciding to slough of the imperial yoke of the British empire and go it alone. Well, good luck to them, I say, but sadly things don't go so smoothly – democrat Aung San's busy working out just how wonderful the new country's going to be with a cabinet of like-minded types when some snotty colonel bursts in and blasts them all to smithereens – the first coup in a sorry history that'll see Burma encumbered with a military dictatorship for practically all of its history from that day to this.

In case you hadn't guessed, Aung San is the father of young Suu Kyi, with whom we next catch up in exile, many years later, where she's living in Oxford and married to a boffiny professor (David Thewlis, on fine form as Michael Aris). But of course Aung (can I call her that now?) is drawn home, inevitably becoming a figurehead for the pro-democratic forces that are starting to flex their muscles...

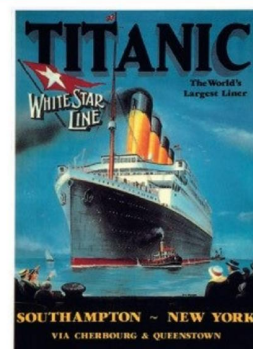

Michelle Yeoh, while not Burmese, gives a spot on portrayal of Aung in this tale that is both inspiring and poignant. One can only hope the story ends well for all concerned.

TITANIC REMEMBERED 1912-2012

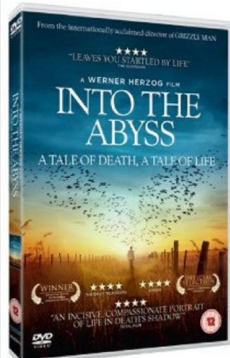

Just in case you hadn't noticed, this April marked the 100th anniversary of the sinking of The Titanic on its maiden voyage from Southampton to New York. Well, there's was plenty of coverage on the telly, (including dear old Len Goodman, for some mysterious reason) but of course it's also prompted a flurry of publishing. But if you're going to plump for a book about the Titanic, there's really very little point looking any further than this one. *Titanic Remembered 1912-2012* (by Beau Rifenberg and published by Andre

Deutsch – available online and from all good bookshops for £50) is a whopping tome, quite frankly almost as titanic as its subject. Its 124 pages are crammed full of beautifully reproduced photos and illustrations, and there are also plenty of facsimiles of all sorts of Titanic paraphernalia tucked away in there as well. And if that weren't enough, there's a DVD and an audio CD as well, just to add to the sense of completeness about the whole thing. Just make sure your bookcase has got plenty of ballast...

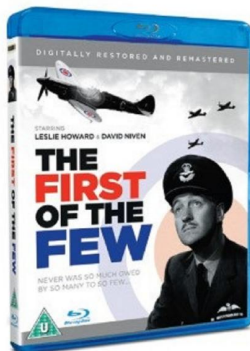

INTO THE ABYSS

Once upon the time Werner Herzog used to make barking mad films which involved dragging ships round tropical rainforests and stuff while being throttled by Klaus Kinski, but these days he's going for a much more documentary vibe. Earlier efforts like *Grizzly Man* and *Cave of Forgotten Dreams* garnered plenty of praise, while this one takes an unblinking look at the execution of Michael Perry, a young man convicted 10 years earlier for his role in a brutal triple killing. It's pretty sobering stuff, as Herzog's liberal sensibilities struggle to come to terms with the fact that one of his interviewees is about to be killed. A cracking little film, with telling contributions from all involved...

THE FIRST OF THE FEW

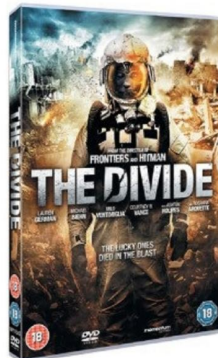

The Spitfire engines would still have been warm after the Battle of Britain when this film went into production. Released in 1942, it tells the tale of R.J. Mitchell (Leslie Howard) and his struggle (both with the authorities and his own failing health) to have the Spitfire built and ready in time for the war that loomed...

There's plenty of pluck and bloody-mindedness as Mitchell sets about designing the fastest and nimblest fighter in the world, and David Niven adds a touch of class as (fictional) test pilot Geoffrey Crisp. A fine testament to both Mitchell and Howard, this remastered Blu-ray release from Odeon is a great way to revisit this nation-defining tale.

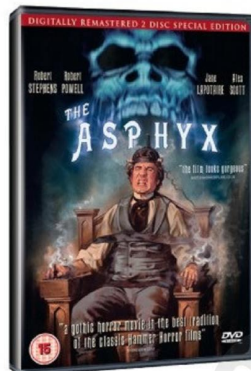

THE DIVIDE

It's hard to think of anywhere good to be (except, perhaps, already in your grave) when a nuclear holocaust strikes, but the characters in this polished offering from director Xavier Gens might have thought themselves lucky to survive a strike on New York might initially have thought themselves on the lucky side that their building's basement provided them with such fine shelter. Then again, once the world up top has been obliterated, there's only so much joy to be had from eking out an existence underground – and so much urns out to be very little indeed... Most of us would go round the bend pretty quickly, but throw in a sinister siege and it's never going to end well, is it? Apocalyptic, creepy and tense – that'll do me!

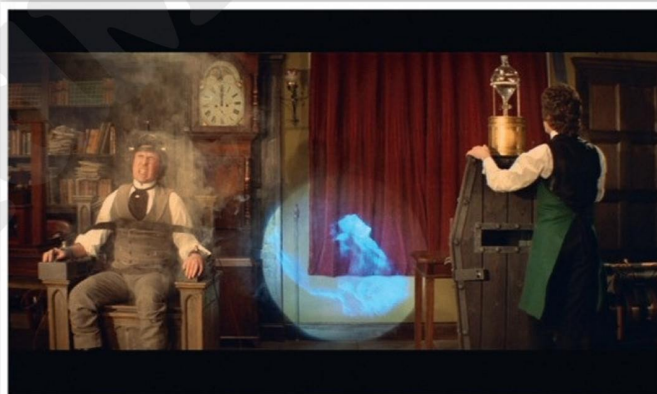

THE ASPHYX

This country has a long tradition of cracking out nice little horrors, and this one, newly released by Odeon Entertainment, dates back to 1972. Like so many horrors of the era, it's set back in Victorian times, with Robert Stephens starring as a keen photographer who inadvertently captures something very sinister on some pictures he's taken of dying me.

Not content to just take snaps of this malevolent spirit, he sets out to capture one with... well, you know, unexpected and terrifying consequences. It's a nice conceit – the sort of things the Japanese do so well these days.

LEAD IN YOUR PENCIL!

Let's face it, we've all got a soft spot for looking at mucky pictures once in a while (oh, alright, practically all the time then!) but for Tom Poulton, famed illustrator for magazines and journals in the mid-20th Century, it was all about drawing them! After his death in 1963 they discovered hundreds of drawings he'd made over the years covering all sorts of filthy scenarios, and now top publishers Taschen have gathered many of the best efforts together for this titillating tome!

There's all kinds of muck in there – the sort of stuff it's hard to imagine a seemingly respectable chap dreaming up 60-plus years ago, but there you go – people having it off probably hasn't changed that much over the years. And if you're worried about it looking a bit too risqué on your coffee table or bookshelf, the book even has a reversible cover. Let's face it, nobody's likely to thumb through a copy of Immanuel Kant's *Philosophical Principles* looking for naughty piccies, are they?

Another set, and another newcammer to the pages of *Mayfair*! And it turns out that Caprice here actually did train as a nurse for a while, but sadly for all of us crocks, she chucked it in after a few months. OK, so the NHS's loss is our gain, but what turned her against nursing? "Oh, it was too much hard work, really! I like to enjoy myself in the evenings and kick my heels up at the weekend, but the shift work really got in the way of all that. And besides, I didn't like the way the doctors kept trying to hit on me!"

Really? We'd have thought that nurses love getting attention from doctors! "Not from the dirty old pervs at my hospital, they didn't!"

GENTLEMEN, That Reminds Me

Sex in the kitchen.

A worried father confronts his young daughter about her new boyfriend.

"I don't like him," he says. "He's rough and common and worse yet he's as thick as shit in the neck of a bottle."

"Oh no, Dad," the daughter retorts. "I don't know where you got the idea he's stupid. Gary's ever so clever and should really be studying to be a doctor or something. We've only been going together a few weeks and already he's cured me of that pain and bleeding I used to get every month."

A man is talking to his best friend about married life.

"You know," he says, "I really trust my wife, and I think she has always been faithful to me. But there's always that element of doubt."

His friend says, "Yeah, I understand."

A couple of weeks later the man has to go out of town on business. Before he goes, he gets together with his friend.

"While I'm away, could you do me a favour? Could you watch my house and see if there is anything fishy going on? I mean, I trust my

wife completely, but there's always that element of doubt."

The friend agrees, and the man leaves town.

Two weeks later he comes back and meets his friend.

"I have bad news," says the friend. "The day after you left I saw a strange car pull up in front of your house. Your wife ran out, got into the car and they drove away. Later, after dark, the car came back. I saw your wife and a tall blond man get out. They went into the house and I saw a light go on, so I ran over and looked in the window. Your wife was snogging the man. Then he took off his shirt. Then she took off her blouse and bra. Then they turned off the light."

"Then what happened?" says the man.

"I don't know. It was too dark to see."

"Damn," says the man. "You see what I mean? There's always that element of doubt."

A couple have a small flat in the city and they decide that the only way to sneak away to the bedroom for a Sunday afternoon quickie with their ten-year-old son in the house is to tell him to play at being a spy. So they send him out on the balcony with strict instructions to report on all the neighbourhood activities. This should distract him for an hour or so.

The boy begins his commentary as his parents quietly undress, calling to them through the flat

"There's a car being towed across the street," he calls.

Then: "An ambulance just drove by."

A few moments pass.

"Matt's riding a new bike and Mr and Mrs Cooper are having it off."

His parents leap up, roll out of bed and dress in a panic. "How do you know that?!" the startled father asks.

"Their kid is standing out on the balcony too," says the boy.

A bloke is sitting on a tube train across from a busty blonde wearing a tiny mini skirt. The carriage is otherwise deserted.

Despite his most strenuous efforts, he is unable to stop staring at the top of her thighs. And then, to his delight, he realises she hasn't got any knickers on.

Eventually the blonde notices he is staring at her and says: "Hey mister, are you looking at my pussy?"

"Umm, yes; I'm really sorry," the guy says and promises to avert his eyes.

"It's quite all right," she replies. "It's not your ordinary fanny either. No seriously: watch this... I'll make it blow a kiss to you."

Sure enough the girl's pussy puckers up and blows the bloke a kiss.

The guy demands to know what else her incredibly talented pussy can do.

"I can also make it wink," says the girl. And he stares in amazement as her incredible pussy winks at him.

"Come and sit next to me," she suggests, patting the seat beside her.

So the bloke moves over. Whereupon she asks huskily: "Would you like to stick a couple of fingers inside it?"

Stunned, the bloke replies: "Hell's bells! Don't tell me it can whistle as well?!"

*Your
Girl Next Door*
ANGIE

MAYFAIR Classic

At first sight, living next to a leggy, 5 feet 7, 34-23-35 inch brunette like Angie Chambers might seem the privilege of millionaires or top show business personalities. But, insists this Aberdeen-born 22-year-old, it's not like that at all: 'I'm a sales demonstrator on a perfumerie counter, selling Christian Dior and Yves St Laurent products, which we're allowed to use ourselves. So I have to look glam for my job.'

For younger readers out there, this is indeed what your typical girl next door looked like in 1990 – perky tits, a nice, sturdy bush and a massive hair-do that would put even Anita Dobson to shame. Hang on a sec – they called this girl Angie... could that be a nod to the still relatively fresh to our screens *Eastenders*? Admittedly there's no reference in the blurb to the miserabilist goings-on in Albert Square, but the more I think about it, the surer I am that Angie here represents a sly wink to Dirty Den's other half. But who the fuck did she actually live next door to? Whoever it was, you'd be bound to ask for Dr Legg over, wouldn't you?

In fact, Angie shares a south London flat with two fellow Scots, travelling the District Line five days a week to a large store 'around Oxford Street.' A neighbour — 'actually we have been out together twice' — suggested her as a *Mayfair Girl Next Door*. 'I let him send in a Polaroid of me, but I never seriously expected to be accepted. I thought glamour models had to have much bigger boobs than mine!' Away from work, she admits she prefers jeans and floppy sweaters to lip gloss and eye liner. 'I grew up just outside Aberdeen, so I count myself as a country girl at heart. Now I make do with Wandsworth Common!'

Mayfair's **Naughty Step!**

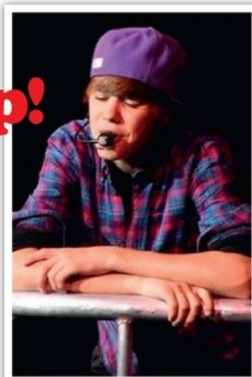

Teen heart-throb Justin Bieber has been spanked and forced to take time out on our fabled Naughty Step for numerous offences – not the least of which is the persistent claim that he threw a tantrum on the set of an Australian talk show by swearing at a crew member who “touched” him.

The now-18-year-old shocked staff at Aussie morning TV show *Sunrise* after cursing at a floor manager who steered him to the stage. When the story broke, Bieber immediately took to Twitter, wailing that anything fans might have heard about his being a naughty little lad was “gossip”.

The precocious teeny icon, who has a higher score on the Klout online “influence” scale than Barack Obama or The Dalai Lama, went on to tell fans he has a relationship with Jesus. He claims he talks to Jesus, which must be nice for Jesus, if nothing else.

But what really has him doing penance at the foot of the *Mayfair* stairs is a recent tweet in which the young miscreant urged his over 19 million followers to call him “right now,” along with a number that contained a Dallas area code with only the final digit withheld. Consequently frenzied fans began dialing all of the 10 different possible combinations.

The stunt continues to be a nightmare for at least 10 households whose phones have been ringing off the hook since March. One, 81-year-old Dilcie Fleming, has demanded an apology from the grandiose little twunt after receiving calls from giggly Bieber fans 24/7. And one victim who said he was receiving three calls per second is contemplating a lawsuit...

WEIRD... BUT TRUE?

For years, the global UFO community has debated whether the mysterious and exciting encounter that one Dr Jonathan Reed claims to have had with an alien is hard fact or eye-wash.

The good doctor, who purports to be a Seattle psychologist, insists he had a confrontation with an ET in Washington state in 1996, while he and his golden retriever Suzy were walking in the Cascade Mountains near Snoqualmie Pass. Reed says the dog barked and he saw an alien standing near a hovering black obelisk like the one out of *2001: A Space Odyssey*.

The dog snarled and the alien went for his dog, moving at lighting speed, vibrating

simultaneously. When it grabbed Suzy, Reed yelled, and caught the attention of the alien, who stared at him in a fierce, menacing fashion. Then it stupidly looked away, allowing Dr Reed to thump the stranger from another world a few times over the head with a heavy tree branch he was carrying in case he had to fight off a bear, and kill it.

Then he dragged it home, videotaped himself examining the alien corpse in his living-room, and, certain it was dead, put it in his freezer. At last: irrefutable proof we are not alone in the cosmos!

Unfortunately, Dr Reed is a little short of hard evidence that anything extraordinary ever happened at all, since the ET must have “awoken” in the freezer (presumably with a vicious headache) and “escaped”. Or been stolen. And, say sceptics, pointing to the Roswell autopsy footage, videos can – and have been – faked in the past.

ETIQUETTE FOR THE BEWILDERED

An A-Z of things you really, really need to know. No honestly... L is for “Longversation”

A spanking new term describing a conversation that rambles on almost forever without any real purpose and ultimately reaches no conclusion whatsoever.

The ubiquity of mobile phones and the fact that half the population of the planet's wealthiest countries wander around with one pressed to their head and not looking where they're going, frequently leads to another new 21st Century concept: the “First World Injury”.

An example of a First World Injury would be when you walk or drive into something very big and solid whilst lost in a pointless longversation using an item of modern communications technology.

HOLLYWOOD FOLLIES

Bloopers, accidents and hopeless cock-ups are as much a part of the half-arsed world of Hollywood as poor storylines and bad acting, with the most awful

oversights in logic and continuity gliding past inattentive film editors and arrogant directors onto the big silver screen.

SHERLOCK HOLMES: A GAME OF SHADOWS (2011)

The game's afout once more as Holmes and Watson endeavour to outwit and dethrone the “Napoleon of Crime”, their old adversary, Professor Moriarty, whose nefarious plans may even have included trying to wreck the film for audiences with a multiplicity of gaffs, inconsistencies and continuity cock-ups.

For a kick-off, the first time Sherlock shows off his camouflage suit, its brown colour changes between the first and second shot. The first brown matches the colour of the walls of the room to perfection, but the second brown doesn't.

When Watson wakes up at his wedding his hat keeps altering its position on his bonce, while evil Moriarty's handkerchief magically flits around the surface of his chess table.

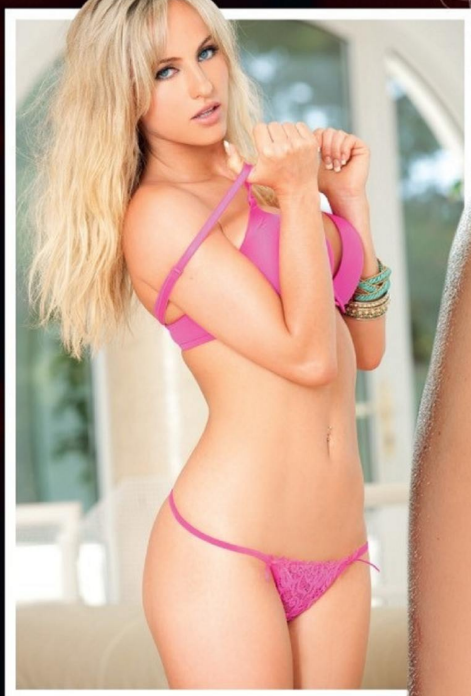

As Holmes and his courageous cohorts flee from the Germans through the forest, one of Moriarty's Teutonic henchmen yells that it is time to introduce the boyos from Baker Street to “Little Hansel” (this in subtitles). In reality, what the henchman shouts is: “Zu viele fuchse fuer die kleine huene,” which translates instead (trust me – my years as a brutal POW guard were not wasted) as “too many foxes for the little chickens.”

Sloppier yet, given that the film is set in 1891, when Sherlock enters the factory in Germany, a map on a table sports small German black-red-gold tricolour flag-pins. If anyone involved in the flick had opened a history book – or even googled it – we would instead have seen the black, red, and white flags of the German Empire, which lasted from 1871-1918.

Perhaps most confusingly for Jude Law, never mind the audience, when he and Holmes escape Meinhardt's arms factory with the help of the gypsies, Watson is clipped by a bullet at the bottom of his rib-cage on the right side of his body. Later in the train, Jude is seen stitching the wound on his left side.

Bit of a red letter, er, month next issue, because we've only gone and tempted the delectable Natasha Anastasia back between our covers! She bagged our girl of the year last year, and now she's back to show you all exactly why so many readers voted for her. And if that weren't enough, we're delighted to be introducing the curiously named but beautifully proportioned Spencer. She might have a bloke's name, but apart from that we can promise you she's all woman. If you want to see more... well you know where to come, don't you?
